LibGen is a unique concept in the category of eBooks, as this Russia based website is actually a search engine that helps you download books and articles related to science. It allows you to download paywalled content for free including PDF downloads for the stuff on Elsevier's Science Direct website. Even though the site continues to face legal issues due to the pirated access provided to books and articles, the site is still functional through various domains.

1923 Audels Carpenters and Builders Guide | #77322900

This is a clean set of Audels, a complete set of 4 volumes printed and copyright in 1923, the first edition, first printing. One of my favorite reference book sets for information on building and carpentry techniques from the 1920's. The 1st volume is very good for information on tools of that days and how to care for them. Each book is 5" x 6.7" has a black leather like pressed cloth semi ...
