Description. Brenda Smith's Bridging the Gap was the first college reading text to focus on reading for college, and through its eleven editions has been the most popular textbook choice of developmental reading educators. Originally written to help college readers develop into independent learners, Bridging the Gap has kept up with the demands of contemporary college reading courses by evolving the "bridge" theme.

between Teacher and Student: Composing Assignments in the Content Areas. Research has suggested that students have difficulty completing content area writing assignments if the teacher's written instructions are not clear. Students' written work is more likely to be of higher quality if teachers specify the assignment's audience and purpose and offer prewriting instruction.

A scaffolded approach to developmental reading that promotes skill transference for college success. Bridging the Gap encourages students to build on their previous reading experience to develop strategies for the demands of college reading. The authors help students create schemata through numerous academic readings and videos, and ultimately build new “bridges” with text-to-text, text-to-world, and text-to-self connections.
