modem already installed.

How is 'Fibre to the Home' installed? | BT Help

FTTP stands for fibre to the premises, and essentially refers to fibre broadband that is wired directly to the home instead of a cabinet that services the area (which is referred to as FTTC, or

Online Library Broadband Premises Installation And Service Guidebook

fibre to the cabinet). FTTP, unlike FTTC, uses all fibre optic cables, making it the fastest type of fibre you can get.
