Broderick & Blewitt, The Life Span: Human Development for ...

This book is very dense and full of information, it is a good resource for counselors and others interested in lifelong human development. Broderick and Blewitt do a fine job explaining the nuances of each period of the life span. It is the publisher - Pearson - who does a horrible job in providing access for clients.

When a person has unhealthy behaviors early in life then they can have physical and mental health issues later on in adulthood (Broderick & Blewitt, 2020). At this stage in their life, this is when those unhealthy lifestyles and behaviors may catch up with them and their health could diminish greatly.

As professional helpers, it is important to have a solid foundation of the various developmental models and theories that undergird the work of human behaviors and experiences (Broderick & Blewitt, 2015). In this week's reading, we were introduced to theoretical perspectives that help to categorize human development models.

characteristics in common" (Broderick & Blewitt, 2010). This model really says that people develop at different level and stages. Being a teacher I can agree with this theory. I can tell a change with 7th graders that I teach and see some maturity from the beginning of the year to the end of the year.
