This is the correct answer. Overestimation of budgeted expenses is a characteristic of budgetary slack. B) The elimination of certain expenses to enhance budgeted income. By artificially eliminating expenses from a budget to enhance budgeted income would increase the risk of not meeting budget targets. This is not the correct answer.

CMA Exam: Planning and Budgeting Question

What is the first thing you look at when asked to review a budget? This is a simple technical question, but the answer isn't always obvious. The first thing most of us will look at is whether the real expenses match the projected expenses, or whether they exceed them. If they do exceed them, the budget needs to be reviewed (we either have to extend it, or cut some planned expenses that aren't essential).
