One Caveat: I am more tilted towards Strategic Business Analysis. 1. SWOT Analysis. The SWOT Analysis, which stands for Strength, Weakness, Opportunities, and Threat is a very simple, yet powerful technique used by Business Analysts to analyze both internal and external organizations under analysis.

Business Analyst | Top 5 Techniques in Business Analysis

However, current business analysis methodologies are inadequate because they are at a too high level and only address portions of the complete business analysis process. In particular, the lack of clear objectives, relevance and outcomes of the phases make business analysis methodologies inadequate. Moreover, activities,
