Coles has developed several new MIDAS curves and indicators as part of the ongoing MIDAS project and has lectured on the MIDAS system as well as taught its basic principles.

Andrew A. Coles, PhD - MIDAS Technical Analysis
In the nine chapters comprising the final part of MIDAS Technical Analysis, Coles and Hawkins detail how advances in trading hardware and software have made it possible to extend MIDAS to areas Levine never dreamed of. They show how MIDAS—especially when used in conjunction with robust charting methods, such as Japanese candlesticks—can function as a complete trading system, or be used as a supplementary tool for greatly enhancing trading effectiveness.
