Reproduction of the original:
Soldiers of fortune by Richard
Harding Davis

His scam was as simple as it was
brazen. Before and during the

Download Free Birth And Fortune By Richard A

Great Depression, Oscar Hartzell persuaded tens of thousands of Midwesterners to part with millions of dollars to start a legal fund that would see the mythical fortune of Sir Francis Drake restored to his rightful heir. In return for their contributions,

Download Free Birth And Fortune By Richard A

donors would get shares in the riches, estimated to be worth \$100 billion. The money of course went in the pocket of Hartzell, who transformed himself into a hedonistic English aristocrat even as the folks back home continued to see him as a hero. As he

Download Free Birth And Fortune By Richard A

recounts this amazing tale, Richard Rayner tells the larger history of cons in America. We have always had a soft spot for the crafty or larger-than-life swindler, and with Drake's Fortune, Rayner offers a delightful portrait of a uniquely American

Download Free Birth And Fortune By Richard A character.

First multi-year cumulation covers six years: 1965-70.

In the seven decades from its

Download Free Birth And Fortune By Richard A

Establishment in 1775 to the commercialization of the electric telegraph in 1844, the American postal system spurred a communications revolution no less far-reaching than the subsequent revolutions associated with the telegraph,

Download Free Birth And Fortune By Richard A

Edelstein, and computer. This book tells the story of that revolution and the challenge it posed for American business, politics, and cultural life. During the early republic, the postal system was widely hailed as one of the most important institutions

Download Free Birth And Fortune By Richard A

of the day. No other institution had the capacity to transmit such a large volume of information on a regular basis over such an enormous geographical expanse. The stagecoaches and postriders who conveyed the mail were virtually synonymous with speed.

Download Free Birth And Fortune By Richard A

In the United States, the unimpeded transmission of information has long been hailed as a positive good. In few other countries has informational mobility been such a cherished ideal. Richard John shows how postal policy can help explain this

Download Free Birth And Fortune By Richard A

state of affairs. He discusses its influence on the development of such information-intensive institutions as the national market, the voluntary association, and the mass party. He traces its consequences for ordinary Americans, including women,

Download Free Birth And Fortune By Richard A

blacks, and the poor. In a broader sense, he shows how the postal system worked to create a national society out of a loose union of confederated states. This exploration of the role of the postal system in American public life provides a fresh perspective

Download Free Birth And Fortune By Richard A

not only on an important but neglected chapter in American history, but also on the origins of some of the most distinctive features of American life today.

Index Reviews of this book: "[A]

Download Free Birth And Fortune By Richard A

splendid new book...that gives the lie to any notion that 'government' and 'administration' were 'absent' in early America." DD--Theda Skocpol, Social Science History "This well-researched and elegantly written book will become a model for

Download Free Birth And Fortune By Richard A

historians attempting to link public policy to cultural and political change...[It] will engage not only historians of the early republic, but all scholars interested in the relationship between state and society."

DD--John Majewski, Journal of

Download Free Birth And Fortune By Richard A

Economic History "The strength of the book is...the author's ability to untangle the thousands of social, political, economic, and cultural threads of the postal fabric and to rearrange them into a clear and compelling social history."

DD--Roy Alden Atwood, Journal of

Download Free Birth And Fortune By Richard A

American History "Richard R. John provides an insightful cultural history of the often-overlooked American postal system, concentrating on its preeminent status for long-distance communication between its birth in 1775 and the

Download Free Birth And Fortune By Richard A

commercialization of the electric telegraph in 1844...John effectively draws upon government documents, newspapers, travelogues, and contemporary social and political histories to argue that the postal system causes and mirrors

Download Free Birth And Fortune By Richard A

dramatic changes in American public life during this period...John focuses his study on the communication revolution of the past, yet his meticulous analysis of the complex motives forming the postal institution and its policies relate to such current

Download Free Birth And Fortune By Richard A

controversies as those that surround the transmission of information in cyberspace. These contemporary disputes highlight the power of the government in shaping the communication of the people. John privileges the postal institution as the reigning

Download Free Birth And Fortune By Richard A

communication system, yet he links it with the developing ideology of the nation, and the scope of his study ensures its value--in the disciplines of communication studies, literature, history, and political science, among others--as a history of the

Download Free Birth And Fortune By Richard A

past and present." DD--Sarah R. Marino, Canadian Review of American Studies "Spreading the News exemplifies the kind of sophisticated and nuanced research that US postal history has long needed. Richard R. John breaks from the internalist,

Download Free Birth And Fortune By Richard A

antiquarian tradition

characteristic of so many post office histories to place the postal system at the centre of American national development."

DD--Richard B. Kielbowicz, Business History "[John] presents a thoroughly researched and well-

written book...[which will give] insight into the history of the post office and its impact on American life." DD--Library Journal "It is surely true that in Richard John the post has had the good fortune to have found its proper historian, one capable of appreciating the

Download Free Birth And Fortune By Richard A

complex design and social importance of the means a people use to distribute information. He has also accomplished the impressive feat of gathering together the pieces of a postal history present elsewhere as so many tiny

Download Free Birth And Fortune By Richard A

fragments. John has drawn into a coherent design the stories of postal patronage, the decisions about postal privacy, the incidents along post roads used by others as illustrative anecdotes. John's work has inspired in him a deep

Download Free Birth And Fortune By Richard A

appreciation for the accomplishments of the post." DD--Ann Fabian, The Yale Review "John's book explains how the letters and newspapers sent through the post were really the glue that held the early 13 states together and that embraced

Download Free Birth And Fortune By Richard A

Additional states as the nation expanded westward...It is a splendid attempt to show the importance of mail service in the years before the telegraph or the telephone made at least brief news transmission possible. The postal system of the 19th century

Download Free Birth And Fortune By Richard A

really was a factor, perhaps the major factor, in making the United States one nation."

DD--Richard B. Graham, Linn's Stamp News "This book traces the central role of the postal system in [its] communications revolution and its contribution to American

Download Free Birth And Fortune By Richard A

public life. The author shows how the postal system influenced the establishment of a national society out of a loose union of confederated states. Richard John throws light onto a chapter in American history that is often neglected but sets up the origins

Download Free Birth And Fortune By Richard A

of some of the most distinctive features of American life today...The book is a comprehensive study on an important American institution during a critical epoch in its history." DD--Monika Plum, Prometheus [UK] "John has

produced an original, well-documented, and thoughtful study that offers alternative and enticing interpretations of Jacksonian policies and public institutions." DD--Choice

Born during the Great Depression

Page 78/83
