The Slangman Guide to STREET SPEAK 1 contains popular chapters on slang and idioms associated with: Parties Shopping Movies Airports Restaurants Health Markets At School Dating

International supermodel Cindy Crawford chronicles her life and career, sharing stories and lessons learned, and featuring her most memorable images in this New York Times bestseller. Cindy Crawford was the cornerstone of the golden age of the supermodel in the 1990s. She blazed a trail during that decade, seamlessly moving between the runway to unconventional outlets, such as cutting-edge MTV, Super Bowl commercials, and even Playboy magazine. On the eve of her fiftieth birthday, Crawford looks back, photo shoot by photo shoot, on a remarkable career and various life lessons she absorbed. She discusses her earliest modeling years and learning how to become less self-conscious in front of a camera; trusting her own instincts about creating positive messages about a healthy and strong body image that she knew would reach women of all ages; her feelings about becoming a wife and a mother; and her thoughts about turning fifty and what she would tell her younger self if she had the chance. The photographs span her entire career, beginning from the mid 1980s, and feature unpublished images from Crawford's personal archive in addition to images by every top name in fashion photography, including Annie Leibovitz, Arthur Elgort, Helmut Newton, Herb Ritts, Irving Penn, Patrick Demarchelier, and Richard Avedon, among others. A beautifully illustrated series of stories, *Becoming* is a smart and engaging book that sheds light into the life and work of an extraordinary

'The best account of this episode in English.' TLS Napoleon was the hero of his age, a man who helped France become, briefly, a hugely impressive European power. In 1814, he was imprisoned on Elba, planning an escape and plotting his course of action once he had done so. From the time he landed back in France to his loss at Waterloo, one hundred days elapsed. Scholar Alan Schom, an expert in the history of the Napoleonic era, outlines the key personalities and events of those hundred days in 1815. Napoleon is a far cry from the heroic leader of the time before he was imprisoned in Elba, attempting to gather forces and convince his old friends to help him once again. Despite the difficulties he faced from his irresponsible brothers, and acting in opposition to the statesman Talleyrand, Napoleon was only a whisker away from a famous triumph, and only eventually defeated by the mobilised force of the Allies. It was the Duke of Wellington and Blücher who defeated Napoleon, who was prepared to take on England, Austria, Prussia and Russia. The book includes a brilliant account of the manoeuvres at Waterloo, and is a fantastic tale of daring that is a useful book exactly 200 years on from the 100 days. 'Undoubtedly the best account of this episode in English' - Richard Holmes, The Times Literary Supplement 'Alan Schom has written a racy account, backed by copious detail and an abundance of quotations...a good read' - Michael Carver, Sunday Telegraph 'A brisk, pacy account of the Hundred Days, written in a fluent and engaging manner...There are excellent sketches of Fouché, Talleyrand and Carnot and a most able analysis of the background...as well as fascinating material on espionage and intelligence' - Frank McLynn in the Literary Review 'A riveting narrative of events...a sparkling portrait gallery of the personalities who shaped those events' - Russell F. Weigely, author of The Age of Battles Alan Schom was a professor of French and European history before retiring to write full-time. He is the author of Emile Zola: A Biography and Trafalgar. One Hundred Days was nominated for the 1992 Pulitzer Prize and for the 1992 US National Book Award.
