Fighting Fat is a comprehensive study of approaches to obesity from 1920 to 1980 in Canada. It examines the health professions use of the word 'obesity', how it was measured, its causes, and treatments. It examines popular cultures view of the obese and its effect on those who were fat.

It's the end of the world and few are worthy of passage to heaven, not even the Pope. God leaves behind Saint Michael, to act as a guardian for the humans. He fails, and is held captive by Lucifer. God enlists the aide of the Pope to rescue Michael, and leaves his son, Jesus H Christ to assist him in his quest. This volume is presented in color.

In Seattle's undead circles, populated by werewolves, devils, and rampaging yetis, Amanda Feral is one of the beautiful zombies. But to maintain her stylish rep, Amanda needs cash. The quickest way: appear on the reality show, American Minions, hosted by lecherous wood nymph Johnny Birch. Soon, Amanda moves in to "Minions Mansion," crowded with immortal fame whores. But even the 24-7 video cameras can't catch everything. . . When Johnny is found incinerated, Amanda channels her inner Miss Marple (minus the fugly cardigans) to find the culprit. Was it Hairy Sue, the white trash

This is an encyclopedic reference work to 1,802 radio programs broadcast from the years 1924 through 1984. Entries include casts, character relationships, plots and storylines, announcers, musicians, producers, hosts, starting and ending dates of the programs, networks, running times, production information and, when appropriate, information on the radio show's adaptation to television. Many hundreds of program openings and closings are included.

This lively survey of the ever-changing Irish-American experience contains “many perceptive, and sometimes surprising, observations” (The Irish Times). Irish-American Autobiography explores the evolution of Irishness in America through memoirs that describe, define, and redefine what it means to be

Irish. From athletes and entertainers to saloon keepers, community activists, and Catholic priests, Irish-Americans of all stripes share their thoughts and perceptions on their ever-evolving ethnic identity. Poet and Irish studies specialist James Silas Rogers begins his evocative analysis with celebrity memoirs by athletes like boxer John L. Sullivan and ballplayer Connie Mack?written when the Irish were eager to put their raffish origins behind them. Later, he traces the many tensions registered by lesser-known Irish-Americans who've told their life stories. South Boston step dancers set themselves against the larger culture, framing their identity as outsiders looking in. Even the classic 1950s sitcom *The Honeymooners* speaks to the poignant sense of exclusion felt by its creator Jackie Gleason. Rogers also examines the changing role of Catholicism as a cultural touchstone for

Irish Americans, and examines the painful diffidence of priest autobiographers. Irish-American Autobiography becomes, in the end, a story of a continued search for connection—documenting an “ethnic fade” that never quite happened.

Man v Fat is a practical and supportive resource for men, written by a normal bloke who just wanted to lose some weight. One day Andrew Shanahan took a guttie to text to a mate. But once he had taken the photo, he couldn't stop looking at it. He realised how unhappy he was about his body and resolved to change it.

However he soon learned that the dieting industry had turned its back on men. Men were expected to get fit, tone up and turn fat into a six-pack in six weeks. There was nothing for men who simply wanted to lose their beer belly, play football again and feel more confident. So Andrew

Complete Works decided to do something about this. In Man v Fat, Andrew Shanahan will give you everything you need to know in order to lose weight, breaking it down into three essential components: Stage 1: Understand why you got fat Stage 2: Learn how to lose weight Stage 3: Create a winning structure Man v Fat is not a diet book or a commercial diet plan. It will explain (and myth-bust) the various diets available, so you can choose the one that will work best for you - or even create your own. It will help you to supercharge your motivation, set specific goals and teach you how to track and review them, identify threats and create a support network, and of course troubleshoot common hurdles. There are plans to get you walking, running or cycling (optional activity) or make the most of obligatory activity. Plus a perfect week plan and perfect month plan to get you started.
