British foreign relations were largely carried over from the Kingdom of England's place in the world. British foreign policy initially focused on achieving a balance of power within Europe, with no one country achieving dominance over the affairs of the continent. This was a major reason behind the British wars against Napoleon, the involvement in the First and Second World Wars.

France - France - Foreign policy: Meanwhile, some important successes were being scored in the field of foreign policy. For two decades after 1871 France had remained diplomatically isolated in Europe. Bismarck, to ward off potential French ideas of revenge, had shrewdly encouraged the republic's governments to embark on colonial conquest overseas and had negotiated alliances with all those ...

France - Foreign policy | Britannica

While the goals of a nation's foreign policy are always open to debate and revision, there are nonetheless four main goals to which we can attribute much of what the U.S. government does in the foreign policy realm: (1) the protection of the U.S. and its citizens, (2) the maintenance of access to key resources and markets, (3) the preservation of a balance of power in the world, and (4) the protection of human rights and democracy.

Defining Foreign Policy | American Government

Obama gave his first major foreign policy speech of his campaign on April 23, 2007 to the Chicago Council on Global Affairs, in which he outlined his foreign policy objectives, stressing five key points: "bringing a responsible end to this war in Iraq and refocusing on the critical challenges in the broader region," "by building the first truly 21st century military and showing wisdom in how ...
