A quarter of a century ago, the Land Rover Discovery defined at a stroke how traditional 4 x 4 all-terrain ability could co-exist with family-estate practicality at an affordable price. Since 1989, the Discovery has gone through several iterations, but its essential qualities have remained unchanged. Practical, capable, and above all completely distinctive - the stepped roof seemed odd at first but now defines the Discovery shape - the Discovery has gone on to become one of Land Rover's best-loved products. Land Rover Discovery - 25 Years of the Family 4 x 4 looks in detail at the four generations of Discovery, including full specification details and production histories. Topics covered include the design and development of the original Discovery in the late 1980s, and the move into North America; the new 3000ci engine and R380 gearbox of 1994, and the BMW takeover; Series II models of 1998-2004, and Land Rover's move from BMW to Ford; Discovery 3/LR3 - 2004-2009, and the new TDV6 engine, developed by Jaguar; Discovery 4/LR4 - the all-purpose family luxury car; special editions and derivatives of all four generations of Discovery, including Discoverys for the emergency services and the Camel Trophy and G4 Challenge competition vehicles. Superbly illustrated with 351 colour photographs.

"A thriller in a class by itself-brilliant and scary!" -Terry McMillan Read the page-turning, provocative thriller that will forever change the way you think about slavery and its legacy in today's America. Martin Grey, a smart, talented black lawyer working out of a storefront in Queens, becomes friendly with a group of some of the most powerful, wealthy, and esteemed black men in America. He's dazzled by what they've accomplished, and they seem to think he has the potential to be as successful as they are. They invite him for a weekend away from it all-no wives, no cell phones, no talk of business. But far from home and cut off from everyone he loves, he discovers a disturbing secret that challenges some of his deepest convictions... Martin finds out that his glittering new friends are part of a secret society dedicated to the preservation of the institution of slavery-but this time around, the black men are called "Master." Joining them seems to guarantee a future without limits; rebuking them almost certainly guarantees his death. Trapped inside a picture-perfect, make-believe world that is home to a frightening reality, Martin must find a way out that will allow him to stay alive without becoming the very thing he hates. A novel of rage and compassion, good and evil, trust and betrayal, Forty Acres is the thought-provoking story of one man's desperate attempt to escape the clutches of a terrifying new moral order.

Introduced in 1989 in the campaign to repel the Japanese 4x4 invasion, the Discovery opened up a whole new market for Land Rover, creating its own niche halfway between the traditional rough and ready Land Rover off-roader and the upmarket Range Rover cruiser. Its reputation as a rugged workhorse both on and off-road has ensured that the Discovery has remained one of the worlds best-selling 4x4s since its introduction. This all-color book - part of Haynes best-selling You & Your series that includes the well-received Land Rover Ninety, One Ten & Defender - will fascinate all Discovery owners and enthusiasts.
