In the early nineties, riot grrrl exploded onto the underground music scene, inspiring girls to pick up an instrument, create fanzines, and become politically active. Rejecting both traditional gender roles and their parents' brand of feminism, riot grrrls celebrated and deconstructed femininity. The media went into a titillated frenzy covering followers who wrote "slut" on their bodies, wore frilly dresses with combat boots, and talked openly about sexual politics. The movement's message of "revolution girl-style now" soon filtered into the mainstream as "girl

power," popularized by the Spice Girls and transformed into merchandising gold as shrunken T-shirts, lip glosses, and posable dolls. Though many criticized girl power as at best frivolous and at worst soulless and hypersexualized, Marisa Meltzer argues that it paved the way for today's generation of confident girls who are playing instruments and joining bands in record numbers. *Girl Power* examines the role of women in rock since the riot grrrl revolution, weaving Meltzer's personal anecdotes with interviews with key players such as Tobi Vail from Bikini Kill and Amy Ray of the Indigo Girls. Chronicling the legacy of artists such as Bratmobile, Sleater-Kinney, Alanis Morissette, Britney Spears, and, yes, the Spice Girls, *Girl Power* points the way for the future of women in rock.

Vivid documentation of the fierce music, renegade art

For a generation of teenage girls, *Sassy* magazine was nothing short of revolutionary—so much so that its audience, which stretched from tweens to twentysomething women, remains obsessed with it to this day and back issues are sold for hefty sums on the Internet. For its brief but brilliant run from 1988 to 1994, *Sassy* was the arbiter of all that was hip and cool, inspiring a dogged devotion from its readers while almost single-handedly bringing the idea of girl culture to the mainstream. In the process, *Sassy* changed the face of teen magazines in the United States, paved the way for the unedited voice of blogs, and influenced the current crop of smart women's zines, such as *Bust* and *Bitch*, that currently hold sway. *How Sassy Changed My Life* will present for the first time the inside story of the magazine's rise and fall while celebrating its unique vision and lasting impact. Through interviews with the staff,

## Acces PDF Power The Nineties Revolution In Music Marisa Meltzer

columnists, and favorite personalities we are brought behind the scenes from its launch to its final issue and witness its unique fusion of feminism and femininity, its frank commentary on taboo topics like teen sex and suicide, its battles with advertisers and the religious right, and the ascension of its writers from anonymous staffers to celebrities in their own right.

There are many books about rock music but very few that sum up a whole era, or an entire genre. So when such books do come along, they can really hit home. *Our Band Could Be Your Life* accomplished this for 80s punk, for example, with sales now over 60,000--and it still sells strongly more than a decade after it was published. *Now Is the Time to Invent* has the potential to do the same for the indie rock scene that developed in the mid-80s and reached its apex in the 1990s. Drawn from the pages of influential music magazine *Puncture*, its 60 profiles and interviews trace the creative upsurge of alternative rock during those years. Lavishly illustrated with many rare photographs, *Now Is the Time to Invent* offers a scintillating account of a vibrant and hugely significant period in music. It's hard to define a single starting point for indie rock, but here it's found in the brilliant psychodramas Kristin Hersch conjured up for *Throwing Muses* and the deadpan, genre-busting proto-slacker anthems of *Camper Van Beethoven*, and followed through to the critical triumphs of *Sleater-Kinney* and *Neutral Milk Hotel* more than a decade later. Along the way, it takes in such pioneering artists as *Sonic Youth*, the *Pixies*, *Meat Puppets*, *Hole*, *My Bloody Valentine*, *Nick Cave*, *Sebadoh*, the *Breeders*, *Jeff Buckley*, *Fugazi*, *P.J. Harvey*, *Guided by Voices*, *Beck*, *Cat Power*, *Pavement*, *Belle & Sebastian*, *Will Oldham*, *Rufus Wainwright*, *Flaming Lips*, the *Magnetic Fields*, and many more.

## Acces PDF Power The Nineties Revolution In Music Marisa Meltzer

Presents a story of young people's lives in the favelas of Rio de Janeiro, which highlights issues of violence, drug culture, and family. This book is co-authored by a prize-winning fiction and non-fiction writer.

FUN FACT: "Becoming Zara" is a standalone novella, but if you're following the character of Samantha Bradford as she crosses off the items of her bucket list (the Single Wide Female Series), this is the book that Samantha publishes to complete her bucket list item #18 (Publish a Book). Note: You can download #1 Learn Pole Dancing of that series for free. \*\*\* Hi, I'm Zara...warrior princess. I don't usually tell that last bit to strangers, but I say it in my head all the time. It's one of the many mantras that have helped me to get to where I am today. And believe me when I say that I've come a long way. Besides, if you're a woman and you happen to have ever struggled with issues of self-esteem, we're probably gonna be fast friends anyway, so I won't hold anything (much) back. Oh, and Zara wasn't the name I was born with-but you'll find out more about that in the book. I don't know about you, but my own struggle with my weight has held me back a bit in life. And my self-esteem took a real nose dive after my fiance dumped me-via text, no less. (I know, right? Jerk!...but I don't usually dwell on things in the past, so let's just move right along from that, shall we?) So, I'm still a work-in-progress for sure, but I'm really starting to figure it all out-how to be more of who I'm meant to be every day-including the bumps, the lumps, and my bruised ego along the way. Oh and I love my sisterhood (more about that later) - the women who join me in believing that we are all capable of being strong, amazing, warrior princesses-just the way we are right now."

Archival material from the 1990s underground movement “preserves a vital history of feminism” (Ann Cvetkovich, author of *Depression: A Public Feeling*). For the past two decades, young women (and men) have found their way to feminism through Riot Grrrl. Against the backdrop of the culture wars and before the rise of the Internet or desktop publishing, the zine and music culture of the Riot Grrrl movement empowered young women across the country to speak out against sexism and oppression, creating a powerful new force of liberation and unity within and outside of the women’s movement. While feminist bands like Bikini Kill and Bratmobile fought for their place in a male-dominated punk scene, their members and fans developed an extensive DIY network of activism and support. The Riot Grrrl Collection reproduces a sampling of the original zines, posters, and printed matter for the first time since their initial distribution in the 1980s and ’90s, and includes an original essay by Johanna Fateman and an introduction by Lisa Darms.

To understand how we got here, we have to rewind the VHS tape. *90s Bitch* tells the real story of women and girls in the 1990s, exploring how they were maligned by the media, vilified by popular culture, and objectified in the marketplace. Trailblazing women like Hillary Clinton, Anita Hill, Marcia Clark, and Roseanne Barr were undermined. Newsmakers like Monica Lewinsky, Tonya Harding, and Lorena Bobbitt were shamed and misunderstood. The advent of the 24-hour news cycle reinforced society’s deeply entrenched sexism. Meanwhile, marketers hijacked feminism and poisoned girlhood for a generation of young women. Today, there are

## Acces PDF Power The Nineties Revolution In Music Marisa Meltzer

echoes of 90s “bitchification” nearly everywhere we look. To understand why, we must revisit and interrogate the 1990s—a decade in which female empowerment was twisted into objectification, exploitation, and subjugation. Yarrow’s thoughtful, juicy, and timely examination is a must-read for anyone trying to understand 21st century sexism and end it for the next generation.
