Amanda Palmer  
knows all about  
asking. Performing as  
a living statue in a  
wedding dress, she  
wordlessly asked  
thousands of  
passersby for their  
dollars. When she

she isn't alone in this, that so many people are afraid to ask for help, and it paralyzes their lives and relationships. In this groundbreaking book, she explores these barriers in her own life and in the lives of those around her, and discovers the emotional, philosophical, and

Following criticisms of  
the traditionally  
polarized view of  
understanding  
suffering through  
either medicine or  
social justice, Lowe  
makes a compelling  
argument for how the

can help to go beyond the traditional biographical and epistemic breaks to see into the nature and properties of suffering and what is at stake. Lowe demonstrates through analysis of major healthcare workforce issues and incidence of burnout how key policies and practices

Demonstrating the relationship between personal experience, theory and research, Lowe argues for a pedagogy of suffering that shows how the moral anguish implicit in suffering is an ethical response of the emergent self. This is an important read for all those interested in medical
