*Something Happened* is Joseph Heller's second novel (published in 1974, thirteen years after *Catch-22*). Its main character and narrator is Bob Slocum, a businessman who engages in a stream of consciousness narrative about his job, his family, his childhood, his sexual escapades, and his own psyche.

*Something Happened - Wikipedia*

A criminally underrated classic, *SOMETHING HAPPENED* is easily one of the most impressive and convincing first-person narratives of an unlikeable narrator I have ever come across.

Something happened When a change in behavior is interpreted as the result of a deeper problem, many times with lasting effects and continually reasoned as the causal factor which often is found to be a total invention and exaggeration of the mind. I was putting so well and then..... something happened.

The plot moved very slowly, and when the "something" finally did happen, I didn't feel the same punch in the gut that I did at the end of Catch-22 - the unending torment left me mostly desensitised to any more tragedy. Overall, if you loved Catch-22 and are looking for something just as good, then don't get this. It's a bit rubbish really.

Recovery/Silent Resistance, 2019.

Bob Slocum was living the American dream. He had a beautiful wife, three lovely children, a nice house...and all the mistresses he desired. He had it all -- all, that is, but happiness. Slocum was discontent. Inevitably, inexorably, his discontent deteriorated into desolation until...something happened. *Something Happened* is Joseph Heller's wonderfully inventive and controversial second novel satirizing business life and American culture. The story is told as if the reader was overhearing the patter of Bob Slocum's brain -- recording what is going on at the office, as well as his fantasies and memories that complete the story of his life. The result is a novel as original and memorable as his *Catch-22*.

The story is told as if the reader was overhearing the patter of Bob Slocum's brain -- recording what is going on at the office, as well as his fantasies and memories that complete the story of his life. The result is a novel as original and memorable as his *Catch-22*.

Bob Slocum was a promising executive. He had an attractive wife, three children, a nice house, and as many mistresses as he desired. His life was settled and ordered; he had conformed and society demanded he be happy - or at least pretend to be, But the pretence was becoming more and more difficult, as Slocum's discontent grew into an overwhelming sense of desolation, frustration and fear. And then something happened. . .

In the wake of his father's unexpected death, thirteen-year-old Billy Romero feels he has no one to talk to until his English teacher, the young and beautiful Miss Gate, offers support and friendship, but soon he is wondering if something more is going on.

In both the literal and metaphorical senses, it seemed as if 1970s America was running out of gas. The decade not only witnessed long lines at gas stations but a citizenry that had grown weary and disillusioned. High unemployment, runaway inflation, and the energy crisis, caused in part by U.S. dependence on Arab oil, characterized an increasingly bleak economic situation. As Edward D. Berkowitz demonstrates, the end of the postwar economic boom, Watergate, and defeat in Vietnam led to an unraveling of the national consensus. During the decade, ideas about the United States, how it should be governed, and how its economy should be managed changed dramatically. Berkowitz argues that the postwar faith in sweeping social programs and a global U.S. mission was replaced by a more skeptical attitude about government's ability to positively affect society. From Woody Allen to Watergate, from the decline of the steel industry to the rise of Bill Gates, and from Saturday Night Fever to the Sunday morning fervor of evangelical preachers, Berkowitz captures the history, tone, and spirit of the seventies. He

explores the decade's major political events and movements, including the rise and fall of détente, congressional reform, changes in healthcare policies, and the hostage crisis in Iran. The seventies also gave birth to several social movements and the "rights revolution," in which women, gays and lesbians, and people with disabilities all successfully fought for greater legal and social recognition. At the same time, reaction to these social movements as well as the issue of abortion introduced a new facet into American political life—the rise of powerful, politically conservative religious organizations and activists. Berkowitz also considers important shifts in American popular culture, recounting the creative renaissance in American film as well as the birth of the Hollywood blockbuster. He discusses how television programs such as *All in the Family* and *Charlie's Angels* offered Americans both a reflection of and an escape from the problems gripping the country.

After discussing the police shooting of a local Black man with their families, Emma and Josh know how to treat a new student who looks and speaks differently than his classmates.

"Ali Greenleaf's story is complex and beautifully told; full of fury, heartbreak, and hope." --Kathleen Glasgow, *New York Times* bestselling author of *Girl in Pieces* and *How to Make Friends With the Dark* Ali Greenleaf and Blythe Jensen couldn't be more different. Ali is sweet, biting funny, and just a little naive. Blythe is beautiful, terrifying, and the most popular girl in school. They've never even talked to each other, until a party when Ali decides she'll finally make her move on Sean Nessel, her longtime crush and the soccer team's superstar. But Sean pushes Ali farther than she wants to go. When she resists—he rapes her. Blythe sees Ali when she runs from the party, everyone sees her. And Blythe knows something happened with Sean; she knows how he treats girls. Even so, she's his best friend, his confidant. When he tells her it was a misunderstanding, she decides to help him make things right. So Blythe befriends Ali, bringing her into a circle of ruthless popular girls, and sharing her own dark secrets. Despite the betrayal at the heart of their relationship, they see each other, in a way no one ever has before. In her searing, empowering debut novel, Hayley Krischer tells the story of what happened that night, and how it shaped Ali and Blythe forever. Both girls are survivors in their own ways, and while their friendship might not be built to last, it's one that empowers each of them to find justice on their own terms.

This title discusses, in simple terms, sexual and physical abuse, explains why adults may become abusive, and encourages children to report such abuse to a trusting adult.

After Sherman sees something terrible happen, he becomes anxious and then angry, so a counselor helps him talk about these emotions.

Fiction-writing guru Debra Spark brings us another collection of brilliant essays on the craft of plotting novels and stories.
