"Wind in the Pines is a collection of writings that seek to illuminate the nature and aesthetics of chanoyu as a Buddhist path. Beginning with works on the art of linked verse (renga) that directly influenced the development of the way of tea, this book includes documents that are associated with the central figures in the formation of chanoyu in the spirit of wabi--the venerable poverty of the hermit's thatched hut--and that have been treasured by practitioners down to the present"--

The Book of Tea was written by Okakura Kakuzo in the early 20th century. It was first published in 1906, and has since been republished many times. In the book, Kakuzo introduces the term Teatism and how Tea has affected nearly every aspect of Japanese culture, thought, and life. The book is accessible to Western audiences because Kakuzo was taught at a young age to speak English, and spoke it all his life, becoming proficient at communicating his thoughts to the Western Mind. In his book, he discusses such topics as Zen and Taoism, but also the secular aspects of Tea and Japanese life. The book emphasises how Teatism taught the Japanese many things, most importantly, simplicity. Kakuzo argues that this tea-induced simplicity affected art and architecture, and he was a long-time student of the visual arts. He ends the book with a chapter on Tea Masters, and spends some time talking about Sen no Rikyu and his contribution to the Japanese Tea Ceremony. According to Tomonobu Imamichi, Heidegger's concept of Dasein in Sein und Zeit was inspired -- although Heidegger remains silent on this -- by Okakura Kakuzo's concept of das-in-dem-Welt-sein (to be in the being of the world) expressed in The Book of Tea to describe Zhuangzi's philosophy, which Imamichi's teacher had offered to Heidegger in 1919, after having followed lessons with him the year before.

This classic of Japanese cultural studies explains the famous Japanese tea ceremony or cha-no-yu with great scholarship and clarity. In 1933, when A. L. Sadler's imposing book on the Japanese tea ceremony first appeared, there was no other work on the subject in English that even remotely approached it in comprehensiveness or detail. Having attained something of the stature of a classic among studies of Japanese esthetics, it has remained one of the most sought-after of books in this field. It is therefore both a pleasure and a privilege to make it available once again in a complete and unabridged digital version The tea culture book is abundantly illustrated with drawings of tea ceremony furniture and utensils, tearoom architecture and garden design, floor and ground plans, and numerous other features of the cha-no-yu. A number of photographic plates picture famous tea bowls, teahouses, and gardens.

These poems represent love, honesty, heart break, and realization.

Now finding himself with a second chance, he takes the opportunity to try and reconcile with his past, build a new future. But it soon becomes apparent that far more than his conscience is at stake if he can't. Henry Forman, beloved hero and brilliant engineer, has his new life with the woman he loves ripped swiftly out from under him before it begins. A crisis of unprecedented scale emerges. He must rise to face this challenge, as there aren't many others who will. And yet, he doubts that he can do enough to make a difference this time. This book begins with poetry written from a relationship perspective with the Lord. That is not all, the author offers various poetry genres, which may not mention the name of the Lord, however, as reminiscent of the book of Esther, where His name is absent, His Providential intervention can be seen as a common thread throughout Mosaic Reflections: In Poetic Context is a journey in poetry from the heart and mind of the poet (here) to the pages of this book (there); the rest of the journey is up to the reader.
