John Deere BG20776 Lawn Mower Baggers download instruction ...

The John Deere Grass Bagger comes in two mower deck sizes, a 42-inch and a 48-inch. Both have a dual bagging system. This means that there are two bags on the rear of the mower that will collect the grass clippings. Having a mower that collects grass clippings in a bag will save you the need of raking your lawn.

The dual-bag bagging system that attaches to the rear of most models of John Deere lawn tractors allows operators to mow large areas of lawn without having to stop and empty the clippings from the bags. Before you can use the optional bagger attachment, however, you must first assemble it into the proper position.
