Normally historical inaccuracies would bother me, but this is far from the case in the Kiya trilogy. The fact is, Kiya: Rise of a New Dynasty is a great story. It's got everything from tragic unrequited love to political intrigue. Naomi is now in her thirties and Tutankhamun is now a wild young man instead of a shy, frightened boy.

This article examines the development of what I term the 'kukiya-kiya' economy, a new logic of economic action in post-2000 Zimbabwe. In local parlance 'kukiya-kiya' refers to multiple forms of 'making do'. I argue that it has spread from its former position on the urban margins and in so doing has effected a sweeping spatio-temporal shift in the country's economic life.
