The spa needs approximately 500mm access to all 4 sides of the spa for any future service work. Therefore you need to allow for access panels (trap door) in your deck. When placing the spa into or onto a deck, it is important that it can handle the weight of the spa, the water and the people in it. Small spas will

Start up. When the spa is switched on, a start up sequence of numbers will appear on the display. If no button is pressed, LINK will appear after the start up sequence. Press any button to link the panel with the system. The spa will enter Priming Mode. After Linking, press the Jets Button(s) to turn the pumps on and off to verify that all air is purged from the plumbing, particularly the plumbing associated with the heater.
