How you use MLA citation style - Guide with examples
MLA style is most often used by middle school and high school students in preparation for transition to college and further education. Ironically, MLA style isn't actually used all that often beyond middle and high school, with APA (American Psychological Association) style being the favored style at colleges across the country.

FREE MLA Format Citation Generator [Updated for 2020] – MyBib
When you add text word-for-word from another source into your project, or take information from another source and place it in your own words and writing style (known as paraphrasing), you create an in-text citation. These citations are short in length and are placed in the main part of your project, directly after the borrowed information.
