Structural Geology Algorithms: Vectors and Tensors Shipping Your package will be safely taken care of & posted from England by means of Priority Airmail, which is air freighted to your nearest Australia Post Distribution Center (Sydney, Melbourne, Brisbane, or Perth), from where they are delivered to your address by Australia Post.

### Structural Geology Algorithms Vectors and Tensors ...

Virtually everything we do in structural geology explicitly or implicitly involves a coordinate system. When we plot data on a map each point has a latitude, longitude, and elevation. Strike and dip of bedding are given in azimuth or quadrant with respect to north, south, east, and west and with respect to the horizontal surface of the Earth.
