Forget that Tracy Chapman's fifth album shares a title with the Charlatans' fifth album (and sole masterpiece) Telling Stories-- as far any fan knows, Chapman probably isn't even aware of the Madchester group's existence. Instead, it should be viewed as what it is -- the sequel to New Beginning, the album that reaffirmed Chapman's status as a fine singer/songwriter to a wide audience.

Most people don't equate songwriting with telling stories unless it's in the form of a folk song. Folk songs often have what is called an AAA structure, with "A" representing the verses and no chorus, therefore lending themselves easily to a story format. Bob Dylan and Pete Seeger and many of the 60's folk artists wrote in this style, which is in fact one of the oldest songwriting formats around.

Songs have the power to make an impact on the world. But only through telling stories in your songs can you achieve that. Storytelling matters in how successful an album or a single release can be. There's indeed a correlation between how the songs tell captivating stories and the success of an album.

**I help songwriters write lyrics that tell powerful stories.**

It's arguable whether that includes telling a story, and how direct that needs to be. For example, Springsteen's Born to Run could be produced - with the songs in album order - as a rock opera along the lines of West Side Story, but the individual songs aren't directly related to each other.
