The Transparency Society By Byung

Technology creates the illusion of total containment and the constant monitoring of information, but what we lack is adequate interpretation of the information. In this manifesto, Byung-Chul Han denounces transparency as a false ideal, the strongest and most pernicious of our contemporary mythologies.

Transparency is the order of the day. It is a term, a slogan, that dominates public discourse about corruption and freedom of information. Considered crucial to democracy, it touches our political and economic lives as well as our private lives. Anyone can obtain information about anything.

The Transparency Society by Byung-Chul Han

Accordingly, the society of transparency manifests itself first and foremost as a society of positivity. Matters prove transparent when they shed all negativity, when they are smoothed out and leveled, when they do not resist being integrated into smooth streams of capital, communication, and information.

"The Society of Transparency", commentary on the book by ...

The Transparent Society is a non-fiction book by the science-fiction author David Brin in which he forecasts social transparency and some degree of erosion of privacy, as it is overtaken by low-cost surveillance, communication and database technology, and proposes new institutions and practices that he believes would provide benefits that would more than compensate for lost privacy. The work first appeared as a magazine article by Brin in Wired in late 1996. In 2008, security expert Bruce Schnei

The Transparent Society - Wikipedia

Han is the author of sixteen books, the most recent of which are treatises on what he terms a "society of tiredness" (Müdigkeitsgesellschaft), a "society of transparency" (Transparenzgesellschaft), and on his neologist concept of
